

MAKITA Power Tools

Preferred by ice carving professionals for their high speed, efficient motors and solid construction.

**MAKITA Electric Chain Saw**

Its high speed motor and lightweight, compact design make it preferred among carvers. 12" bar, 110 volt, 11.5 amp motor. Super high speed (5,500 ft/min). UL approved.

C555 Chain Saw

C555-12 Chain Saw Kit includes extra chain and guide bar (without tip protector).

Parts

C555-A 45 drive link chain.

C555-B 12" guide bar (without tip protector).

**MAKITA 4" Disk Grinder Kit**

The essential tool for shaping and finishing ice carvings. It cuts through ice, polishes, texturizes, or shapes. 110 volt, 11,000 rpm motor. Length 10", weight 3.3 lbs. Double insulated. Kit includes: disk grinder, rubber mounting pad, lock nut.

C585

Box of 25 Sanding Disks

Made by Makita for the C585 Disk grinder. 24 grit (medium). C588

**MAKITA 1/4" Die Grinder**

Ideal for detail work on large or small carvings. 110 volt, 2 amp motor runs at 25,000 RPM. Accepts most bits and accessories. UL approved.

C560

**MAKITA Heat Gun**

Perfect for glossing, rounding, smoothing or repairing. Variable temperature control from 250° to 1,100°. Two speed blower. UL approved.

C570

Japanese Water Stones

Synthetic sharpening "stones" made from compacted silicates. Work with water not oil for more efficient sharpening and less mess. 100% uniform particle size so grit can be controlled.

**a. Combination Stone**

Medium (1000 grit) & Superfine (6000 grit)
Y979

b. Finishing Stone

Superfine (6000 grit) stone on plastic, non-skid mounting.
Y981

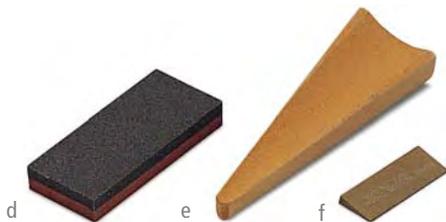

c. Single Grit Stones

800 grit is standard. Works faster than 1000 grit.

Y980-800 800 grit

Y980-1000 1000 grit (Med.)

Y980-1200 1200 grit (Fine)

**d. India Combination Stone**

Coarse and fine sides for sharpening straight and V-shape chisels. 4".
C414
